SUMMARY OF QUALIFICATIONS

2 years of experience in creating and improving sites in a digital agency. I wanted to learn more and improve my skills, so I went to frontend courses. Where I learned HTML, CSS, SASS, DOM, BOM, JavaScript and React skills. Also I have a profound understanding of the QC testing processes, methodologies and techniques, as well as software development life cycles.

EXPERIENCE / IT RELATED EDUCATIONAL PRACTICE

- Created website on CMS: Wordpress, OpenCart, Webflow.
- Developed and implemented front-end code using HTML, CSS, JavaScript to meet business requirements.
- Participated in peer code reviews as appropriate for the task at hand and reviewed others' code when requested.
